

CRESTLINE ANALYTICS - IT Onboarding Checklist

Version 4.2 (last revised April 2026) | Internal use

New laptop standard image setup:

- ☐ Initial Windows / macOS login under firstname.lastname@crestlineanalytics.com
- ☐ Activate Okta SSO with hardware key issued at orientation
- ☐ Install Crestline VPN client from internal package portal
- ☐ Install Microsoft 365 suite (Outlook, Word, Excel, Teams)
- ☐ Install Slack Crestline workspace (#analytics, #general, #client-X)
- ☐ Install Tableau Desktop (license seat assigned by Analytics Ops)
- ☐ Install internal Crestline analytics CLI (cli.crestline.tooling)
- ☐ Confirm laptop encryption (FileVault on macOS, BitLocker on Windows)
- ☐ Confirm screen lock policy: 5 minutes idle
- ☐ Acknowledge Crestline acceptable use policy in HR portal
- ☐ Submit IT confirmation form (signed by IT lead)

(Personal copy of the checklist - kept for reference if I ever set up a new device. This is not an active document.)
